This order does not apply to the storage of PCB waste on the site after March 31, 1993 except for such wastes contained in rock cores obtained during investigations and such wastes as may be produced by the existing water treatment facilities which are treating contaminated groundwater collected by the aquifer purge well system or by such other water treatment facilities that may replace the existing facilities from time to time for the same purpose. All PCB wastes stored on the site which are not being destroyed under this exemption order nor retained for research purposes that can be legally stored or disposed of at any other location shall be removed from the site as soon as possible.

Ministry of Labour/ Ministère du Travail

NOTICE OF PROPOSED AMENDMENTS TO THE REGULATION FOR DIVING OPERATIONS

Notice is hereby given of a new regulation to replace the Regulation for Diving Operations, O. Reg. 634/86, made under the *Occupational Health and Safety Act*, R.S.O. 1990, c. O.1, as amended (the Act).

The Regulation for Diving Operations came into effect on January 29, 1987. In November, 1990 a number of proposals for amendments to the current regulation were submitted by the Ontario Commercial Diving Joint Health and Safety Committee to the Ministry of Labour for consideration.

The Ministry has developed a new regulation based on these proposals, comments from other members of the Ontario commercial diving community and recommendations from the Ministry of Labour Diving Program. The Ministry is considering the following additions to the regulation:

- Assurance of the competency of an employer, supervisor and diver to perform the work to be undertaken;
- Requirements for diving operations in contaminated environments;
- More detail and consolidation of requirements for breathing mixtures;
- Duties of a diver's tender;
- A requirement for a diver's log book to be on site and available for inspection; and
- Notification, where practicable, 48 hours in advance of a diving operation, of the location and time of the diving operation.

In addition, a number of provisions have been expanded or clarified and sections have been reorganised to provide users with a better understanding of the requirements of the regulation. More detailed descriptions have been provided for design and construction requirements for hoisting devices, for the procedures and use of hoisting equipment and for equipment required for submersible decompression chambers. There are additional requirements for the use of atmospheric diving systems and for surface-supplied diving equipment.

Changes have been made to the observation periods after a dive and provisions for the transportation of divers to the worksite and the duties of a supervisor have been clarified. There are new restrictions on circumstances when liveboating from a surface vessel can be conducted and on the types of diving operations where S.C.U.B.A. equipment may be used.

A number of revisions have also been proposed for the Code for Medical Examinations for Divers to clarify the purpose of the medical examination, when certain clinical tests should be carried out and the information required on a fitness certificate. In addition, a new section on temporary medical restriction has been added to the Code.

The Ministry is committed to an open and consultative process for the development of regulations. The Ministry welcomes comments on the proposed regulation and further consultation will take place after the comments have been analysed.

Comments must be submitted by December 31, 1992 to:

PROPOSED AMENDMENTS TO THE CODE FOR THE MEDICAL EXAMINATION OF DIVERS

MEDICAL EXAMINATION

1. Purpose

The objective of the medical examination is to protect the health of divers by:

(1) identifying pre-existing health conditions that could be aggravated by exposure to changes in atmospheric pressure (compression and decompression);

(2) evaluating the effect of changes in atmospheric pressure on divers;

(3) enabling remedial action to be taken when necessary to ensure the safety of the diver; and

(4) providing health education on the effects of changes in atmospheric pressure and on the results of the medical examination.

2. Medical Examination

The medical examination shall include the following:

(1) Medical and Occupational History;

(2) Physical Examination;

(3) Clinical tests;

(4) Determination of fitness; and

(5) Health education.

3. Screening and Occupational History

At the medical examination the examining physician shall review the diver's personal log. A screening questionnaire* shall be administered at the examination to identify any history of seizures, syncope, insulin dependent diabetes mellitus, coronary artery disease, sickle cell trait, middle ear surgery, Meniere's disease, lung cysts and blebs, asthma, alcoholism, chronic obstructive or restrictive lung disease, hiatal hernia, recent bone fracture, drug abuse, psychosis, spontaneous pneumothorax, regular medications, aseptic bone necrosis, residual neurological deficit or duodenal ulcer.

An occupational history shall be undertaken to identify:

(a) previous exposure to changes in atmospheric pressures (both occupational and non-occupational);

(b) history of frequency and duration of exposure to changes in atmospheric pressure since previous examination;

(c) history of signs and symptoms that may indicate prior injury as a result of compression or decompression injury such as middle ear trauma, air embolism, decompression sickness, oxygen convulsions, vestibular damage, high pressure neurological syndrome (HPNS) and aseptic bone necrosis.

4. Physical Examination

During the physical examination, particular attention shall be directed to those systems which my be affected by changes in atmospheric pressure and stress involved in diving, for example cardiopulmonary, ENT, MSS and CNS.

5. Clinical Tests

Clinical tests aid in the assessment of a diver's fitness for and continued exposure to changes in atmospheric pressure and the stress involved in diving.

(1) Pulmonary Function Tests

Pulmonary function tests shall be undertaken at the initial examination and annually when indicated. They shall include FVC, FEV_1, FEV_1/FVC ratio, FEF 25-75% or other equivalent flow rate. All measures are to be corrected to body temperature and pressure (BTPS). The instruments shall be calibrated to currently applied standards as published in the "Snowbird Workshop on Standardization of Spirometry", American Review of Respiratory Illness, Vol. 119, 831-838, 1979.

(2) X-rays

(a) A chest X-ray (full inspiration and full expiration views) shall be taken to exclude cysts in the lungs.

(b) Long bones shall be X-rayed initially, and then every five years. When aseptic necrosis exists and the diver continues to dive, X-rays shall be done annually. When aseptic necrosis is suspected, X-rays shall be done periodically at the discretion of the examining physician (antero-posterior (AP) views of the hips and shoulders, lateral views of knees).

(3) ECG with Exercise Tolerance Tests

Treadmill exercise tests and ECG should be undertaken since contingencies of underwater work may at any time impose an unexpected need for very high levels of energy expenditures. This test may be carried out periodically thereafter at the discretion of the examining physician.

---

* *CSA Standard 275.2, Appendix B, Medical History Questionnaire: Diving Medicine may be used as the screening questionnaire.*

(4) Audiogram

An audiogram shall be taken initially to ensure hearing acuity, then carried out periodically thereafter at the discretion of the examining physician.

(5) At the discretion of the examining physician, other tests including psychometric testing and psychiatric examination may be undertaken.

6. **Determination of Fitness**

Absolute contra-indications

The diver should be declared medically unfit where any of the following contra-indications are revealed:

(a) Any chronic illness that decreases fitness or the ability to cope with stress;

(b) Any respiratory or cardiovascular impairment (T.B., asthma, emphysema, lung bullae, pneumothorax, myocardial damage, uncontrolled hypertension, vascular insufficiency);

(c) Chronic sinusitis or otitis media, history of stapedectomy;

(d) Inner ear barotrauma (perilymphatic fistula);

(e) Psychiatric disorders;

(f) Alcoholism; or

(g) Drug addiction or abuse of any sort.

Relative contra-indications

It should be seriously considered that the diver be declared unfit when any of the following are present:

(a) Lack of physical fitness;

(b) Gross obesity;

(c) Osteonecrosis in the femur or humerus; or

(d) Musculoskeletal impairments, other than minor.

In some cases, if the situation can be remedied or if the diver is fully apprised of the risks of disease progression and is willing to take those risks, the diver may be declared fit with limitations.

There is no evidence that age is a reason for declaring a diver unfit, provided that his exercise tolerance and medical status are adequate for strenuous physical activity. Obviously, candidates over age 40 must be screened very carefully.

Temporary Medical Restriction

Conditions that are aggravated by pressure-related disease or conditions are listed below. If they are present, exposure to pressure should be prevented until the disease or condition has been resolved:

(a) upper respiratory infection (including otitis media and sinusitis);

(b) chest infections;

(c) barotrauma (about 7-10d);

(d) decompression sickness (at least 48hr after treatment);

(e) wounds or physical injury (until healed or resolved);

(f) surgery (until healed and physical fitness restored); and

(g) pregnancy.

7. **Fitness Certificate**

The fitness certificate provided to the diver should state that the diver is fit, fit with limitations or unfit to dive and that the medical examinations were conducted according to the Code for the Medical Examination of Divers, dated _____.

(1a) Subsection (1) does not apply if a pension plan is being wound up in whole or in part.

(2a) Despite subsection (2), a pension plan may provide that the contributions described in that subsection shall be credited not less frequently than annually with interest calculated at a rate that is not less than such rate of return as can reasonably be attributed to the pension fund or to that part of the pension fund to which the contributions are made. The deadline for submissions on Group 1 substances is extended to November 30, 1992.

A revised Table containing current Occupational Exposure Limits with associated proposed new limits is attached to this Supplementary Notice. The revisions to the former Table published with the August 1, 1992 Notice are underlined in the attached Table. Carbonyl Fluoride and alpha–Methylstyrene have been removed from the Table.

In addition, the following substances have been moved from Group 1 to Group 2:

Acetone
Carbon dioxide
Carbon disulfide
Carbon monoxide
Carbon tetrachloride
Chlorodifluoromethane
Cumene
Diatomaceous earth, uncalcined (total dust)
Dichlorodifluoromethane
1,4–Dihydroxybenzene
Ethylbenzene

Ethylene oxide
n–Heptane

The revised lists of substances under Groups 1, 2, and 3 are attached.

All other specifications of the Notice of August 1, 1992 apply.

For further information, please contact Dr. Barry Lubek, Coordinator, Joint Steering Committee Secretariat, Ministry of Labour, Tel (416) 326–7888; Fax: (416) 326–7889.

9a. The Commission shall calculate the insured person's average farm yield in accordance with the following rules:

1. An underwritten yield is determined for each insured person enrolled in the plan in 1991 on the basis of the insured person's acreage production records, if any, and a review of the insured person's farmland, the farmland in the district in which the insured person's acreage is located and the insured person's farming practices.

2	60%	40%

4. In the fifth year in which the insured person has an actual yield, the average farm yield is calculated by determining the simple average of the actual yields for the five-year period.

5. In each of the sixth through the tenth years in which the insured person has an actual yield, the average farm yield is calculated by determining the simple average of the actual yields for the appropriate number of years.

6. In each year after the tenth in which the insured person has an actual yield, the average farm yield is calculated by determining the simple average of the actual yields for the most recent ten-year period.

7. The Commission shall, on an annual basis, compare an insured person's actual yield used in calculating the average farm yield under paragraphs 3, 4, 5 and 6 with the average farm yield so calculated.

8. If the comparison undertaken in accordance with paragraph 7 demonstrates that the actual yield in a year exceeds the insured person's average farm yield as calculated in accordance with paragraph 3, 4, 5 or 6 by more than 30 per cent, the Commission shall adjust the actual yield for that year according to the following formula:

$$\text{Adjusted Yield} = \text{Actual Yield} - \frac{2}{3}\left(\text{Actual Yield} - \left(\text{Average Yield} \times 1.3\right)\right).$$

9. If the comparison undertaken in accordance with paragraph 7 demonstrates that the actual yield in a year falls short of the insured person's average farm yield as calculated in accordance with paragraph 3, 4, 5 or 6 by more than 30 per cent, the Commission shall adjust the actual yield for that year according to the following formula:

$$\text{Adjusted Yield} = \text{Actual Yield} + \frac{2}{3}\left(\left(\text{Average Yield} \times 0.7\right) - \text{Actual Yield}\right).$$

10. The Commission shall recalculate an insured person's average farm yield under paragraph 3, 4, 5 or 6 substituting adjusted yield figures under paragraph 8 or 9 for actual yield figures.

(2) Subsection 11 (1) of the Schedule to the Regulation, as remade by section 1 of Ontario Regulation 486/91, is revoked and the following substituted:

(1) The total premium payable is,

(a) $100.20 per acre where the established price is $70 per ton;

(b) $114.40 per acre where the established price is $80 per ton;

(c) $128.80 per acre where the established price is $90 per ton.

2. The purpose of this plan is to provide for insurance against a loss in the production of processing carrots resulting from one or more of the perils designated in section 4.

INTERPRETATION

3. In this plan,

(a) "average farm yield" means the average yield of the planted acreage as calculated in accordance with section 9;

(b) "carrots" means carrots grown in Ontario for processing under a contract with a processor;

(c) "processor" means a processor who is located in Ontario and is operating under the *Farm Products Marketing Act*.

DESIGNATION OF PERILS

4.—(1) Subject to subsection (2), the following are designated perils for the purposes of this plan:

1. Drought.
2. Excessive Heat.
3. Excessive Rainfall.
4. Flood.
5. Frost.
6. Hail.
7. Insect infestation.
8. Plant disease.

9. Wildlife.

10. Wind.

(2) This contract does not insure against a loss in the production of carrots in a crop year resulting from insect infestation or plant disease unless the insured person establishes that a recommended control program was followed during the year.

DESIGNATION OF CROP YEAR

5. The crop year for carrots is the period from the 1st day of March in any year to the 31st day of December in the same year.

CONTRACT OF INSURANCE

6. For the purposes of this plan, the entire contract of insurance shall be deemed to be composed of,

(a) the contract of insurance in Form 1;

(b) the application for insurance;

(c) the final acreage report for each crop year; and

(d) any amendment to a document referred to in clause (a), (b) or (c) agreed upon in writing.

7.—(1) An application for insurance shall,

(a) be in a form provided by the Commission;

(b) be accompanied by a premium deposit of at least $100; and

(c) be filed with the Commission not later than the 1st day of May in the crop year in respect of which it is made.

(2) Premium deposits prescribed by clause (1) (b) are only refundable if the insured person has not planted any acreage to carrots.

DURATION OF CONTRACT

8.—(1) A contract of insurance shall be in force for the crop year in respect of which it is made and shall continue in force for each subsequent crop year until it is cancelled by the insured person or the Commission in the manner prescribed by subsection (2) or is terminated in accordance with the regulations.

(2) A contract of insurance may be cancelled by the insured person or the Commission by notice in writing to the other party on or before the 1st day of May in the crop year during which the cancellation is to be effective.

COVERAGE

9. The Commission shall calculate a producer's average farm yield in accordance with the following rules:

1. If a producer was not enrolled in the predecessor to this plan, or was not enrolled in the predecessor plan during the most recent ten-year period and does not have acreage production records, average farm yield shall be determined by a review of the producer's farmland, the farmland in the district in which the producer's acreage is located and the producer's farming practices, and the average farm yield so determined shall be known as the underwritten yield.

2. If an insured person has at least one, but not more than four, actual yields during the most recent ten-year period, average farm yield shall be calculated by combining the underwritten yield and the actual yields as indicated in the insured person's acreage production records in the following manner:

No. of Actual Yields	Weight Applied to Underwritten Yield	Weight Applied to Simple Average of Actual Yield
1	80%	20%
2	60%	40%
3	40%	60%
4	20%	80%

3. If an insured person has at least five actual yields during the most recent ten-year period, average farm yield shall be calculated by determining the simple average of the actual yields as indicated in acreage production records.

4. The Commission shall, on an annual basis, compare an insured person's actual yields used in calculating the average farm yield under paragraph 2 or 3 with the average farm yield so calculated.

5. If the comparison undertaken in accordance with paragraph 4 demonstrates that the actual yield in a year exceeds the insured person's average farm yield as calculated in accordance with paragraph 2 or 3 by more than 30 per cent, the Commission shall adjust the actual yield for that year according to the following formula:

$$\text{Adjusted Yield} = \text{Actual Yield} - \frac{2}{3}\left(\text{Actual Yield} - \left(\text{Average Yield} \times 1.3\right)\right).$$

6. If the comparison undertaken in accordance with paragraph 4 demonstrates that the actual yield in a year falls short of the insured person's average farm yield as calculated in accordance with paragraph 2 or 3 by more than 30 per cent, the Commission shall adjust the actual yield for that year according to the following formula:

$$\text{Adjusted Yield} = \text{Actual Yield} + \frac{2}{3}\left(\left(\text{Average Yield} \times 0.7\right) - \text{Actual Yield}\right).$$

7. The Commission shall recalculate an insured person's average farm yield under paragraph 2 or 3 substituting adjusted yield figures under paragraph 5 or 6 for actual yield figures.

10.—(1) The coverage provided under a contract of insurance shall be the total guaranteed production multiplied by the established price.

(2) Subject to subsection (7), the total guaranteed production under a contract of insurance shall be the average farm yield in tons of the total acreage planted to carrots by the insured person, multiplied by the appropriate percentage as set out in subsections (3) to (5).

(3) For initial coverage, 70 per cent shall be used in the calculation of the total guaranteed production under subsection (2).

(4) If there was no claim in the previous year, the percentage to be used in the calculation of the total guaranteed production under subsection (2) for the current year is set out in Column 2 of the following Table opposite to the percentage used in that calculation for the previous year as set out in Column 1:

TABLE

COLUMN 1	COLUMN 2
Percentage used in previous year	Percentage to be used in current year
65	70
70	73
73	76
76	78
78	80
80	80

(5) If there was a claim in the previous year, the percentage to be used in the calculation of the total guaranteed production under subsection (2) for the current year is set out in Column 2 of the following Table opposite to the percentage used in that calculation for the previous year as set out in Column 1:

TABLE

Column 1	Column 2
Percentage used in previous year	Percentage to be used in current year
80	78
78	76
76	73
73	70
70	65
65	65

(6) If in any year the claim paid is less than one-half of the total premium for that year, the coverage for the following year shall remain unchanged.

(7) The total guaranteed production under a contract of insurance shall be the lesser of,

(a) the number of tons determined under subsection (2); or

(b) the total tonnage as specified in the contract between the insured person and the processor.

11. For the purpose of this plan, the established price for carrots is $55 per ton.

PREMIUMS

12.—(1) In the formulas used in this section,

"A" is the surcharge or discount determined in accordance with subsections (4) and (5),

"B" is the number of years the insured person has been enrolled in the plan,

"C" is the insured person's loss to coverage ratio determined in accordance with subsection (6), and

"D" is the plan's loss to coverage ratio determined in accordance with subsection (7).

(2) The Commission shall determine the premium payable in the crop year by multiplying the coverage as determined under section 9 by the premium rate as determined under subsection (3).

(3) The Commission shall determine the premium rate by the following formula:

Premium rate = $101.20 per acre × (1 + A).

(4) The Commission shall determine "A" by the following formula:

$$A = \frac{B\left(\frac{C}{D} - 1\right)}{25}$$

(5) Despite subsection (4), "A" shall not be more than 0.25 or minus 0.25.

(6) The Commission shall determine the insured person's loss to coverage ratio by dividing the total dollar value of the payments made by the Commission to the insured person for the number of years the insured person was enrolled in the predecessor plan by the total dollar value of the insured person's coverage for the number of years the insured person was enrolled in the predecessor plan.

(7) The Commission shall determine the plan's loss to coverage ratio by dividing the total dollar value of the payments made by the Commission in respect of all claims made by insured persons under the predecessor plan for the number of years the plan, or a predecessor of this plan has been in effect by the total dollar value of coverage extended by the plan or a predecessor of this plan, for the number of years it has been in effect.

(8) The premium determined in accordance with subsections (1) to (7) includes payments in respect of premiums made by the Province of Ontario and the Government of Canada under the *Crop Insurance Act* (Canada).

(9) Despite subsections (1) to (7), the minimum premium payable by an insured person in each crop year is $100.

13.—(1) Where a contract of insurance is in force, a premium shall be paid in respect of each crop year in which the insured person seeds acreage to carrots.

(2) Where a premium is payable in respect of a crop year, the insured person shall pay the premium, less the premium deposit prescribed by subsection (3), to the Commission at the time the insured person files the final acreage report prescribed by section 14.

(3) Where a renewal premium is payable in respect of a crop year, the insured person shall, not later than the 1st day of May in the crop year, pay a premium deposit in accordance with clause 7(1)(b).

FINAL ACREAGE REPORT

14.—(1) Every insured person shall file with the Commission in each crop year a final acreage report in a form provided by the Commission within ten days after the seeding of acreage to carrots is complete.

(2) A final acreage report filed with the Commission shall not be amended without the written consent of the Commission.

15.—(1) The Commission may revise the final acreage report in any or all respects and adjust the premium accordingly and, in such case, shall notify the insured person in writing respecting such revision and adjustment.

(2) The insured person shall be deemed to have agreed with the revision of the final acreage report made by the Commission under subsection (1) unless the insured person notifies the Commission in writing that the insured person rejects the revision within ten days after the Commission notification is served on the insured person.

(3) For the purposes of subsection (2), the Commission notification may be served by personal delivery or by mailing it to the insured person's last known address and the notification shall be deemed to be served three days after it is mailed.

(4) Where the Commission receives notice from an insured person under subsection (2), it shall notify the insured person in writing that the contract of insurance does not apply for the crop year where the final acreage report was filed.

(5) A final acreage report revised under this section shall, failing notice under subsection (2), constitute the final acreage report for the crop year.

16.—(1) Where an insured person in any crop year fails to file a final acreage report in the form and manner prescribed by this Regulation, the Commission may,

(a) prepare the final acreage report; or

(b) declare the insured acreage to be nil.

(2) The Commission shall serve a copy of the final acreage report, if there is one, on the insured person either by personal delivery or by mailing it to the insured person's last known address.

(3) Every insured person shall pay the premium for the crop year where a final acreage report is prepared by the Commission within ten days after the insured person has been served with a copy of it.

(4) A report that is mailed shall be deemed to be served three days after it is mailed.

FINAL DATE FOR PLANTING

17. In this plan, the final date for planting in a crop year is the 30th day of June or such other date as may be determined from time to time by the Commission. O. Reg. 639/92, Sched.

Form 1

Crop Insurance Act (Ontario)

CONTRACT OF INSURANCE

BETWEEN:

THE CROP INSURANCE COMMISSION OF ONTARIO, hereinafter referred to as the "COMMISSION"

OF THE FIRST PART

and

.....

of the ..... of .....

in the County (or as the case may be) of ....., hereinafter referred to as "The Insured Person",

OF THE SECOND PART

WHEREAS the insured person has applied for crop insurance under The Ontario Crop Insurance Plan for Processing Carrots hereinafter referred to as "the plan" and has paid the premium deposit prescribed thereunder.

NOW THEREFORE, subject to the *Crop Insurance Act (Ontario)*, and the regulations made thereunder, where in a crop year the insured person suffers a loss in the production of carrots for processing resulting from one or more of the perils designated in the plan, the Commission, subject to the terms and conditions of this contract, agrees to indemnify the insured person in respect of such loss.

TERMS AND CONDITIONS

CAUSES OF LOSS NOT INSURED AGAINST

1. This contract does not insure against, and no indemnity shall be paid in respect of, a loss in the production of the insured crop resulting from,

(a) the negligence, misconduct or poor farming practices of the insured person or the insured person's agents or employees;

(b) a shortage of labour or machinery;

(c) insect infestation or plant disease unless recommended spray programs were followed; or

(d) a peril other than the perils designated in the plan.

EXTENT OF INSURANCE

2.—(1) The insured person shall offer for insurance all acreage planted in the crop year to carrots on the farm or farms operated by the insured person in Ontario, whether grown under contract or not and, subject to subparagraph (2), this contract applies to all such acreage.

(2) This contract does not apply to, and no indemnity is payable in respect of, acreage planted to the insured crop,

(a) that was not adequately prepared for cropping purposes;

(b) that was planted after the final date prescribed for planting in the plan; or

(c) that, in the opinion of the Commission, is not insurable.

VARIATION IN PLANTED ACREAGE

3.—(1) Where the acreage planted by the insured person in the crop year is not the same as that stated in the application for insurance, the insured person shall, no later than the 15th day of July or such other date as may be determined by the Commission, notify the Commission in writing of the actual acreage planted.

(2) Where the actual planted acreage of the insured crop is less than that stated in the application for insurance, the total guaranteed production and the maximum amount of the indemnity shall be reduced proportionately.

(3) Where the actual planted acreage of the insured crop is more than that stated in the application for insurance, unless the processor increases the contract acreage accordingly, the total guaranteed production, the maximum amount of indemnity and the premium payable shall not be increased but the production from the total planted acreage shall be included in establishing the production of the insured person.

HARVESTING OF PLANTED ACREAGE

4.—(1) All acreage planted to the insured crop in the crop year shall be harvested as carrots for processing unless the Commission, upon written application, consents in writing to,

(a) the use of the planted acreage or any part of it for another purpose; or

(b) the abandonment or destruction of the insured crop or any part of it.

(2) The final date for the harvesting referred to in subparagraph (1) is the 30th day of November or such other date as may be determined from time to time by the Commission.

(3) Where the harvesting of any planted acreage is not completed on the date prescribed by subparagraph (2), the insured person shall notify the Commission in writing.

(4) Where an insured person fails to notify the Commission in accordance with subparagraph (3), no indemnity shall be paid in respect of the unharvested acreage.

MISREPRESENTATION, VIOLATION OF CONDITIONS OR FRAUD

5. A claim by the insured person under this contract is invalid and the right of the insured person to recover indemnity is forfeited if that person,

(a) in the application for insurance,

(i) gives false particulars of the insured crop to the prejudice of the Commission, or

(ii) knowingly misrepresents or fails to disclose any fact required to be stated in the application;

(b) contravenes a term or condition of this contract;

(c) commits a fraud in respect of the insured crop; or

(d) wilfully makes a false statement in respect of a claim under this contract.

WAIVER OR ALTERATION

6. No term or condition of this contract is waived or altered in whole or in part by the Commission unless the waiver or alteration is clearly expressed in writing and signed by the Commission or a representative authorized for that purpose by the Commission.

ASSIGNMENT OF RIGHT TO INDEMNITY

7.—(1) The insured person may assign all or part of the right to indemnity under this contract in respect of the insured crop.

(2) An assignment is not binding on the Commission and no payment of indemnity shall be made to an assignee unless,

(a) the assignment is made on a form provided by the Commission; and

(b) the Commission gives written consent to the assignment.

INTEREST OF OTHER PERSONS

8. Even if a person other than the insured person has an interest in the insured crop, for the purposes of this contract,

(a) the interest of the insured person in the insured crop is deemed to be the full value of the total guaranteed production; and

(b) except as provided in paragraph 8, no indemnity shall be paid to any person other than the insured person.

EVALUATION OF LOSS

9.—(1) Where the planting of three acres or more of carrots before the final planting date is prevented by one or more of the designated perils, an indemnity shall be paid for each unplanted acre calculated on the basis of one-third of the insured person's guaranteed production per acre multiplied by the established price per ton.

(2) The maximum acreage eligible for payment under this section is the number of acres obtained by dividing the number of tons of carrots under contract by the insured person's average farm yield.

(3) Any acreage in respect of which an indemnity is paid under subparagraph (1) shall be released from the contract of insurance, the guaranteed production and indemnity payable shall be reduced accordingly and the production from any such acreage planted to carrots after the final planting date shall not be taken into account in calculating the average farm yield.

10.—(1) Where loss or damage to one acre or more of the insured crop occurs at any time following the planting of the insured crop or any part of it, the Commission, upon written application by the insured person, may give written consent to,

(a) the replanting of the damaged acreage as long as it is replanted at a time that corresponds with good farm management practices;

(b) the use of the damaged acreage for an alternate crop; or

(c) the abandonment or destruction of the insured crop on the damaged acreage.

(2) Where the damaged acreage is replanted to the insured crop under clause (1) (a), the Commission shall pay to the insured person a supplementary benefit equal to the cost of materials used in replanting to a maximum of $300 for each acre replanted, and the contract of insurance shall continue to apply to such acreage.

(3) Where the damaged acreage is used for an alternate crop under clause (1)(b), the Commission shall pay to the insured person a supplementary benefit equal to the cost of materials used in replanting to a maximum of $300 for each acre replanted, and the replanted acreage shall be released from this contract of insurance and the guaranteed production and indemnity payable shall be reduced accordingly.

11.—(1) Where harvesting has been completed, the amount of loss that shall be taken into account in the final adjustment of loss for the total planted acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per ton.

(2) For the purpose of subparagraph (1), actual production shall include,

(a) production delivered to and accepted by a processor;

(b) production delivered to and rejected by a processor unless the rejection resulted from a cause of loss designated in the plan;

(c) production harvested but not delivered to a processor; and

(d) potential production of wholly or partially unharvested acreage unless the failure to harvest resulted from a cause of loss designated in the plan.

(3) Acreage harvested before the insured crop is mature shall be deemed to yield at least the guaranteed production unless the crop has been appraised by the Commission at a different yield at the time of harvest.

NOTICE OF LOSS OR DAMAGE

12.—(1) Where loss or damage to the insured crop occurs and the insured person intends to abandon or destroy the insured crop, or to replant or use the planted acreage for another purpose, the insured person shall notify the Commission in writing of such intention and shall take no further action without the written consent of the Commission.

(2) Where loss or damage to the insured crop occurs and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission in writing within twenty-four hours of such time.

(3) Where loss or damage to the insured crop occurs and it appears, or ought reasonably to appear, to the insured person at any time after planting and before the completion of harvesting of the insured crop that the production of the insured crop may be reduced as a result, the insured person shall notify the Commission in writing as soon as the loss or damage is apparent.

(4) Despite any notice given by the insured person under this paragraph, where, on completion of harvesting of the insured crop, the actual production is less than the total guaranteed production, the insured person shall notify the Commission in writing as soon as the loss or damage is apparent.

ABANDONMENT, DESTRUCTION OR ALTERNATE USE

13.—(1) Acreage planted to the insured crop shall not be put to another use and the insured crop shall not be abandoned or destroyed until the Commission has appraised the potential production of the acreage.

(2) An appraisal made under subparagraph (1) shall not be taken into account in the final adjustment of loss where the insured person harvests the appraised acreage.

ADJUSTMENT OF LOSS

14.—(1) The indemnity payable for loss or damage to the insured crop shall be determined in the manner prescribed by this contract.

(2) The Commission may cause the production of the insured crop to be appraised by any method it considers proper.

(3) No indemnity shall be paid for a loss of the insured crop unless the insured person establishes,

(a) that the actual production was obtained from the insured crop for the crop year; and

(b) that the loss in production or part of it resulted directly from one or more of the perils insured against.

(4) Where a loss in production resulted partly from a peril insured against and partly from a cause of loss not insured against, the Commission shall determine the amount of the loss that resulted from the cause of loss not insured against and shall reduce the indemnity payable under this contract accordingly.

(5) The indemnity payable for the total planted acreage in the final adjustment of loss shall be the sum of all loss calculations applicable to such acreage.

(6) When the actual production of any harvested acreage exceeds the guaranteed production of such acreage, the indemnity otherwise payable for a loss in production shall be reduced by the amount obtained by multiplying the excess by the established price per ton.

PROOF OF LOSS

15.—(1) An insured person, except as set out in subparagraph (2), shall claim an indemnity for an insured crop on a proof of loss form provided by the Commission and shall file the form with the Commission not later than sixty days after the earlier of,

(a) the completion of harvesting of the insured crop; or

(b) the end of the crop year.

(2) A claim for indemnity may be made,

(a) in the case of the absence or inability of the insured person, by his authorized representative; or

(b) in the case of the absence or inability of the insured person or on the insured person's failure or refusal to do so, by an assignee under an assignment made in accordance with paragraph 7.

(4) Where required by the Commission, the information given in a proof of loss form shall be verified by statutory declaration.

ARBITRATION

16. Where the Commission and the insured person fail to resolve a dispute respecting the adjustment of a loss under this contract, the matter shall be determined by arbitration in accordance with the regulations.

TIME FOR PAYMENT OR INDEMNITY

17.—(1) No indemnity under this contract is due and payable until,

(a) the end of the crop year; and

(b) the payment in full of the premium.

(2) Where the indemnity payable by the Commission under this contract is established by the filing of a proof of loss form or by an award of an arbitrator or board of arbitration, it shall be paid within sixty days of the receipt by the Commission of the proof of loss form or award.

(3) Nothing in this paragraph prevents the Commission from paying an indemnity under this contract at an earlier date.

SUBROGATION

18. Where the Commission has paid a claim for indemnity under this contract, the Commission is subrogated to the extent of the payment to all rights of recovery of the insured person against any person and may bring an action in the name of the insured person to enforce those rights.

RIGHT OF ENTRY

19. The Commission has a right of entry to the premises of the insured person that may be exercised by agents of the Commission at any reasonable time for any purpose related to the contract of insurance.

NOTICE

20.—(1) Any written notice to the Commission shall be given by delivering it or by mailing it to the Commission.

(2) Written notice to the insured person shall be given by delivering it or mailing it to the insured person at the person's last post office address on file with the Commission.

DEATH OR ASSIGNMENT UNDER BANKRUPTCY

21. This contract terminates in respect of each insured crop at the end of the crop year in which the death of the insured person occurs or an authorized assignment is made by the insured person under the *Bankruptcy Act* (Canada).

IN WITNESS WHEREOF The Crop Insurance Commission of Ontario has caused this contract of insurance to be signed by its general manager but the same shall not be binding upon the Commission until countersigned by a duly authorized representative thereof.

MOTOR VEHICLE TRANSPORT ACT, 1987
LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

MOTOR VEHICLE TRANSPORT ACT, 1987,
PART II TRUCK APPLICATIONS:

The following are applications for extra-provincial truck transport operating licences under Part II of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. The applicants have been found to meet the fitness requirements pursuant to Section 8(2) of that Act and the provincial transport board for Ontario proposes to issue the licences if no objection is served on the Applicant and filed with the Registrar of Motor Vehicles with the prescribed filing fee, within twenty-nine days of this publication.

EXTRA-PROVINCIAL APPLICATIONS:

NOTE: Where the application is for a licence other than a corridor operating authority, an interested person who serves and files an objection must also provide the Ontario Highway Transport Board with written evidence, within thirty-nine days of this publication which satisfies the Board that, in the absence of evidence to the contrary, the operation of the undertaking in respect of which the licence is sought would likely be detrimental to the public interest.

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. The applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, R.S.O. 1990, Chapter T.22, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, R.S.O. 1990, Chapter T.22.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, R.S.O. 1990, Chapter T.22, and that the request is not frivolously made.

ENVIRONMENTAL ASSESSMENT ACT

Approved: October 28th, 1992
Filed: November 6th, 1992

EXEMPTION—THE CORPORATION OF THE TOWNSHIP OF BRANTFORD—BRAN-TP-1

Having received a request from The Corporation of the Township of Brantford (Township) that an undertaking, namely:

The proposals to alter the approved final contours of the existing Biggar's Lane Landfill Site, located on part of Lot 1, Second Range East of Mount Pleasant Road (2 E.E.M.P.R.), in the Township of Brantford, and to extend the service area of the said landfill to include domestic, commercial and non-hazardous solid industrial waste from the whole of the Township of Brantford and from the Townships of Burford and Oakland,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Township that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

A. The Township will be subject to delay and expense if it is required to prepare an environmental assessment for the undertaking.

B. The Township will be subject to unnecessary delay and expense in implementing its long-term waste diversion strategy.

C. The residents of the Townships of Burford and Oakland and parts of the Township of Brantford will be without a municipal waste disposal facility after the expiry of the current Emergency Provisional Certificate of Approval.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

A. The Township has permitted the Townships of Burford and Oakland to use the landfill since 1980. Initial permission was granted at the request of the Ministry of the Environment and facilitated the early and proper closure of two other environmentally inferior landfill sites.

B. Alternatives have been investigated and there are no reasonable alternatives to the proposed altered final contours or the expansion of the service area.

C. A mandatory public hearing under Part V of the *Environmental Protection Act* for approval of the altered final contours and extension of the service area will be held, thereby permitting the public and government agencies the opportunity to review the proposed changes to the site.

D. It is the intention of the Townships of Brantford, Burford and Oakland to prepare and implement a waste diversion strategy, in order to address the provincial target of at least 50 per cent diversion of waste from the site by the year 2000.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order, is being carried out as or is part of, an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.

2. Where any activity which is the subject of this order, is being carried out as or is part of, another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.

3. Waste shall not be disposed of pursuant to this order after September 30, 1993, unless application for a certificate of approval under Part V of the *Environmental Protection Act* for the undertaking has been submitted to the Director of the Approvals Branch of the Ministry of the Environment.

4. The Township shall prepare and implement a long-term waste diversion strategy, in conjunction with the Townships of Burford and Oakland, to address the Minister of the Environment's target of at least 50 per cent diversion of waste from the site by the year 2000. O. Reg. 664/92.

Environmental Assessment Act
Loi sur les évaluations environnementales

NOTICE OF ACCEPTANCE OF
THE ENVIRONMENTAL ASSESSMENT AND
NOTICE OF APPROVAL TO PROCEED
WITH THE UNDERTAKING

RE: A Class Environmental Assessment for Small Scale Projects

Proponent: Ministry of Natural Resources

EA File No.: NR-AA-03

TAKE NOTICE that the date for receipt by me of submissions or requirements for a hearing on the above Environmental Assessment and/or its Review, provided for in the *Notice of Completion of Environmental Assessment Review*, dated May 14, 1992, expired on June 22, 1992. I received two submissions but no requirements for a hearing by that date. I do not consider it advisable to require a hearing.

ACCEPTANCE OF THE ENVIRONMENTAL ASSESSMENT

Having considered those matters set out in Section 8, pursuant to Section 9, I accept the Environmental Assessment.

APPROVAL OF THE UNDERTAKING

Under Section 13 of the Act, before the decision on approval to proceed with the undertaking can be made, the proponent and the persons who made submissions have the opportunity to require a hearing by the Environmental Assessment Board.

The proponent and the persons who made submissions have each waived this right.

Having considered the purpose of the Act, the Environmental Assessment of the undertaking as accepted, and the submissions received, I hereby give approval to proceed with the undertaking subject to the following terms and conditions:

1. Except as otherwise provided by the subsequent conditions, the undertaking shall be carried out in accordance with the provisions of the Environmental Assessment which is incorporated herein by reference;

2. The carrying out of projects as provided for in the Class EA for Small Scale MNR Projects is approved for a period of four years from the date of this approval. The Minister of Environment may extend the approval for periods of one year. This approval period will allow for the submission of a revised Class EA for review.

3. The next generation of this Class EA shall include a screening mechanism for projects. This shall be based upon anticipated environmental impacts of projects rather than monetary criteria.

4. MNR shall develop a public consultation plan for implementation during the preparation of the next generation of the Class EA.

REASONS

The reasons for giving approval are:

1. On the basis of the proponent's Environmental Assessment, the proponent's conclusion that, on balance, the advantages of this undertaking outweigh its disadvantages appears to be valid.

2. The Class Environmental Assessment Document specifies a planning procedure which will ensure that environmental effects are considered when projects within the Class are planned or implemented.

3. On the basis of the proponent's Environmental Assessment, the Review and the Conditions of Approval, the construction, operation and maintenance of the undertaking will be consistent with the purpose of the Act (section 2).

Dated at Toronto, this 20th day of October, 1992.

première fois soit par elle-même, soit avec un autre logement locatif.

3. Pour l'application de la sous-disposition i des dispositions 3 et 4 du paragraphe 1 (4) de la Loi, un logement locatif est «loué pour la première fois» le jour où il a été «loué pour la première fois» au sens du paragraphe 25 (2) du Règlement 1006 des Règlements refondus de l'Ontario de 1990, tel qu'il existait immédiatement avant le 10 août 1992, à condition que ce jour se situe avant le 10 août 1992. Règl. de l'Ont. 698/92, art. 1, *en partie*.

4 Pour l'application du paragraphe 1 (3) de la Loi, un immeuble ne fait pas partie d'un groupe d'immeubles connexes dont il ferait partie, pendant la période de cinq ans commençant le jour où le premier logement locatif est loué pour la première fois, par ailleurs. Règl. de l'Ont. 698/92, art. 1, *en partie*.

5 (1) Les dispositions du présent article sont prescrites comme règles, en remplacement de celles énoncées au paragraphe 1 (4) de la Loi, pour déterminer la date du loyer initial d'un logement locatif.

(2) La mention dans la Loi de la date du loyer initial d'un logement locatif est réputée la mention de la date déterminée conformément à la première des dispositions suivantes qui s'applique au logement :

1. Si une déclaration a été déposée aux termes de la partie V de la *Loi sur la réglementation des loyers d'habitation* énonçant la date à laquelle le loyer réel, au sens de cette loi, a été demandé pour la première fois, la date du loyer initial est réputée cette date ou le 1er juillet 1985, celle de ces dates qui est postérieure à l'autre étant retenue.

2. Si aucun loyer n'était demandé à la date qui serait réputée la date du loyer initial aux termes du paragraphe 1 (4) de la Loi sans égard au présent paragraphe, la date du loyer initial est réputée la date à laquelle un loyer a été demandé pour la première fois après cette date.

3. Dans le cas d'un logement locatif visé à la disposition 3 du paragraphe 1 (4) de la Loi et dont la date du loyer initial serait le 1er octobre 1990 aux termes de cette disposition, si le loyer maximal prévu pour ce jour-là par la *Loi sur la réglementation des loyers d'habitation* était supérieur au loyer demandé ce même jour, la date du loyer initial est :

6 Pour l'application du paragraphe 7 (3) de la Loi, les deux années consécutives sont déterminées selon la méthode suivante :

1. Les jours de l'année où commencent et se terminent les deux années consécutives sont les mêmes que pour les périodes prescrites à l'égard desquelles des renseignements concernant les frais d'exploitation ont été déposés aux termes de l'alinéa 53 a) de la Loi avec la requête qui a fait que la première ordonnance augmentant d'un pourcentage supérieur au taux légal le loyer maximal d'un logement locatif a été rendue en vertu de la Loi.

2. La date de prise d'effet de l'augmentation de loyer prévue dans l'avis est déterminée.

3. L'anniversaire de la date de prise d'effet de la première augmentation de loyer prévue dans la première ordonnance, soit le dernier anniversaire avant la date déterminée aux termes de la disposition 2, est déterminé.

4. Les deux années correspondent aux deux dernières années, commençant et se terminant les jours de l'année déterminés aux termes de la disposition 1, qui sont révolues avant le jour qui se situe quatre-vingt-dix jours avant l'anniversaire déterminé aux termes de la disposition 3. Règl. de l'Ont. 698/92, art. 1, *en partie*.

7 (1) La disposition suivante est prescrite comme règle pour émettre des conclusions :

1. Si le locateur déclare des frais découlant d'une opération qui n'est pas une opération sans lien de dépendance, seule la partie des frais qui est inférieure à ceux qui découleraient d'une opération semblable sur le marché est prise en considération.

(2) Les définitions qui suivent s'appliquent au présent article.

«opération semblable sur le marché» Opération sans lien de dépendance qui est réalisée ou qui pourrait l'être selon toute attente raisonnable à des conditions identiques ou comparables dans la même aire géographique. («similar market transactions»)

«personne liée» Lorsque cette expression est utilisée pour indiquer un lien avec une personne, elle s'entend notamment :

a) d'un membre de la famille de cette personne;

d) d'une fiducie ou d'une succession dans laquelle la personne a un intérêt bénéficiaire;

e) d'une fiducie ou d'une succession dans laquelle la personne agit à titre de fiduciaire ou à un titre semblable;

8 Les dispositions suivantes sont prescrites comme règles pour émettre des conclusions :

1. Si plus d'une des augmentations du loyer maximal suivantes est justifiée aux termes de l'alinéa 20 (1) d) de la Loi, les augmentations sont appliquées au loyer maximal dans l'ordre suivant :

   i. les augmentations fondées sur la partie du coût de nouveaux services ou de services supplémentaires qui constitue des frais d'exploitation,

   ii. les augmentations découlant d'un montant à reporter d'une ordonnance antérieure visée au paragraphe 21 (8) de la Loi, mentionné à l'alinéa 20 (1) f) de la Loi,

   iii. les augmentations découlant d'un montant à reporter d'une ordonnance antérieure visée au paragraphe 21 (8) de la Loi, mentionné à l'alinéa 20 (1) e) de la Loi,

   iv. les augmentations fondées sur des dépenses en immobilisations visées à l'article 15 ou 16 de la Loi,

   v. les augmentations fondées sur des dépenses en immobilisations autres que celles visées à la sous-disposition iv, y compris les augmentations fondées sur la partie du coût de nouveaux services ou de services supplémentaires qui constitue une dépense en immobilisations.

2. S'il y a plus d'une des augmentations visées à la sous-disposition iv ou v de la disposition 1 et que le montant total des augmentations visées à l'une ou l'autre de ces sous-dispositions ne peut être appliqué au loyer maximal, les augmentations s'appliquent au loyer maximal proportionnellement. Règl. de l'Ont. 698/92, art. 1, *en partie*.

9 (1) Pour l'application du paragraphe 28 (5) de la Loi, l'agent des loyers rajuste le loyer maximal énoncé dans l'arrêté, l'ordre ou l'ordonnance antérieur en appliquant l'augmentation ou la réduction utilisée pour obtenir le loyer maximal énoncé dans cet arrêté, cet ordre ou cette ordonnance au loyer maximal réduit par l'ordonnance rendue en vertu de l'article 28 de la Loi.

(2) Pour l'application du paragraphe 28 (6) de la Loi, l'agent des loyers rajuste le loyer maximal fixé dans l'avis de report antérieur ou l'avis d'inclusion progressive en appliquant l'augmentation utilisée pour obtenir le loyer maximal énoncé dans cet avis au loyer maximal réduit par l'ordonnance rendue en vertu de l'article 28 de la Loi. Règl. de l'Ont. 698/92, art. 1, *en partie*.

10 Pour l'application de l'article 99 de la Loi, le montant que peut demander le représentant d'un locateur ou d'un locataire pour ses honoraires conditionnels correspond à 10 pour cent du montant qui a été ou peut être, en tout ou en partie, recouvré, obtenu ou épargné sur une période d'un an grâce aux efforts du représentant. Règl. de l'Ont. 698/92, art. 1, *en partie*.

PARTIE II
LOYER MAXIMAL

11 (1) Les dispositions du présent article sont prescrites comme règles, en remplacement de celles énoncées au paragraphe 10 (2) de la Loi, pour déterminer le loyer maximal d'un logement locatif à la date du loyer initial si celle-ci tombe le 10 août 1992 ou après cette date.

(2) Les règles suivantes s'appliquent à la détermination du loyer maximal d'un logement locatif à la date du loyer initial :

1. Les dispositions 2 et 3 s'appliquent au logement locatif qui, à la date du loyer initial, était loué à un concierge, à un employé du locateur dont l'emploi est lié à la gestion de l'ensemble ou à un membre de la famille du locateur.

2. Si, aux termes d'une ancienne loi, un arrêté a été pris, un ordre donné ou une ordonnance rendue avant la date du loyer initial énonçant le loyer d'un logement visé à la disposition 1, le loyer maximal à la date du loyer initial est réputé le loyer énoncé dans l'arrêté, l'ordre ou l'ordonnance, majoré des augmentations légales permises entre la date de sa prise d'effet et la date du loyer initial.

3. Si un logement visé à la disposition 1 n'a pas fait l'objet d'un arrêté, d'un ordre ou d'une ordonnance visé à la disposition 2 avant la date du loyer initial :

   i. le loyer maximal à la date du loyer initial est réputé le loyer le plus ancien qui est connu depuis que le logement est devenu assujetti à une ancienne loi et qui était demandé à une personne qui n'était pas un concierge, un employé du locateur dont l'emploi est lié à gestion de l'ensemble ou un membre de la famille du locateur,

majoré des augmentations légales permises jusqu'à la date du loyer initial,

ii. si le loyer maximal ne peut être déterminé aux termes de la sous-disposition i et que le logement locatif fait partie d'un ensemble d'habitation comportant d'autres logements locatifs, le loyer maximal à la date du loyer initial est réputé la moyenne des loyers, à la date du loyer initial, de tous les logements locatifs similaires de l'ensemble qui ne sont pas occupés par un concierge, un employé du locateur dont l'emploi est lié à la gestion de l'ensemble ou un membre de la famille du locateur ou, s'il n'existe pas de logements similaires, le loyer maximal à la date du loyer initial est réputé être le loyer qui serait raisonnable compte tenu des loyers, à la date du loyer initial, des autres logements locatifs de l'ensemble,

iii. si le loyer maximal ne peut être déterminé aux termes de la sous-disposition i ou ii, le loyer maximal à la date du loyer initial est réputé être le loyer qui serait raisonnable compte tenu des loyers, à la date du loyer initial, de logements locatifs similaires dans le secteur géographique.

4. S'il existe, à la date du loyer initial, un bail en vigueur qui prévoit une remise, le loyer maximal est déterminé, sous réserve de la disposition 5, à partir du loyer avant remise à la date du loyer initial moins la remise moyenne. La remise moyenne est la remise totale prévue par le bail, calculée selon la moyenne du nombre de périodes de location pendant un an. Si la durée du bail est de plus d'un an, la remise moyenne est calculée à partir de la remise totale prévue par le bail pour la première année. Dans la présente disposition et à la disposition 5, «remise» s'entend notamment d'un avantage prenant la forme d'une remise ou d'une réduction de loyer et peut prendre la forme d'une déduction, d'un paiement ou d'un transfert d'un autre type de bien.

5. Le loyer maximal est déterminé à partir du loyer avant remise si les conditions suivantes sont réunies :

i. le bail mentionné à la disposition 4 est mis par écrit,

ii. le bail prévoit une remise à l'égard de la commercialisation de la première location du logement locatif,

iii. la remise totale prévue par le bail ne dépasse pas un montant égal à deux mois de loyer avant remise,

iv. les périodes de location à l'égard desquelles la remise est versée ou déduite, lesquelles n'ont pas besoin d'être consécutives, ne dépassent pas six mois.

6. Si une déclaration d'enregistrement concernant un logement locatif a été déposée aux termes de la partie V de la *Loi sur la réglementation des loyers d'habitation* et que le paragraphe 4 (18) du Règlement 1007 des Règlements refondus de l'Ontario de 1990, tel qu'il existait immédiatement avant le 10 août 1992, s'appliquait au loyer réel, au sens de la *Loi sur la réglementation des loyers d'habitation*, du logement locatif, le loyer maximal de ce dernier à la date du loyer initial est le loyer réel déterminé aux termes de ce paragraphe. Règl. de l'Ont. 698/92, art. 1, *en partie*.

PARTIE III
FRAIS D'EXPLOITATION

12 (1) Les dispositions du présent article sont prescrites comme règles pour émettre des conclusions concernant les frais d'exploitation.

(2) Les règles suivantes portent sur l'«exercice de base» et l'«exercice de référence» :

1. «Exercice de base» et «exercice de référence» désignent des périodes comptables annuelles établies aux fins d'une requête. Chacune des périodes doit avoir une durée d'un an. L'exercice de référence constitue la période se terminant immédiatement avant l'exercice de base.

2. S'il s'agit d'une requête du locateur, l'exercice de référence et l'exercice de base correspondent aux dernières périodes comptables annuelles qui sont révolues le jour qui se situe au plus tard quatre-vingt-dix jours avant la date de prise d'effet de la première augmentation de loyer demandée.

3. Si une ordonnance augmentant d'un pourcentage supérieur au taux légal le loyer maximal d'un logement locatif a été rendue en vertu de la Loi, les périodes comptables annuelles mentionnées à la disposition 2 commencent et se terminent les mêmes jours de l'année que pour les périodes prescrites à l'égard desquelles des renseignements concernant les frais d'exploitation ont été déposés aux termes de l'alinéa 53 a) de la Loi avec la requête qui a donné lieu à l'ordonnance.

4. S'il s'agit d'une requête du locataire, l'exercice de référence et l'exercice de base, sous réserve de la disposition 5, correspondent aux années civiles précédant la date de la requête.

5. S'il s'agit d'une requête du locataire et qu'une ordonnance augmentant d'un pourcentage supérieur au taux légal le loyer maximal d'un logement locatif de l'ensemble a été rendue en vertu de la Loi, l'exercice de référence et l'exercice de base correspondent aux deux années qui seraient déterminées aux termes de l'article 6 pour les besoins d'un avis dans lequel la date de prise d'effet de l'augmentation de loyer est la même que celle de la requête du locataire.

(3) Les règles suivantes s'appliquent à la répartition des frais d'exploitation d'un ensemble d'habitation qui fait partie d'un ensemble domiciliaire plus grand si l'ensemble d'habitation partage ces frais avec d'autres parties de l'ensemble domiciliaire :

1. Sous réserve de la disposition 2, les frais d'exploitation de l'ensemble domiciliaire sont répartis entre les parties de l'ensemble domiciliaire selon un ou plusieurs des facteurs suivants :

i. la surface de chaque partie de l'ensemble domiciliaire,

ii. l'évaluation aux fins des impôts municipaux pour chaque partie de l'ensemble domiciliaire,

iii. la valeur marchande de chaque partie de l'ensemble domiciliaire,

iv. les recettes provenant de chaque partie de l'ensemble domiciliaire.

2. Si la répartition des frais d'exploitation conformément à la disposition 1 serait déraisonnable compte tenu de la fraction des frais qui est attribuable à chaque partie de l'ensemble domiciliaire, les frais d'exploitation sont répartis entre les parties de l'ensemble domiciliaire dans des proportions raisonnables en fonction de la fraction des frais qui est attribuable à chaque partie.

(4) Les règles suivantes s'appliquent à la situation de l'agent des loyers qui décide que l'augmentation du loyer maximal, le loyer ou le loyer maximal devrait être réduit en raison d'une diminution extraordinaire des frais d'exploitation et qui tient ensuite compte, aux termes du paragraphe 13 (9) ou 24 (3) de la Loi, des preuves d'une augmentation extraordinaire des frais d'exploitation :

1. L'agent des loyers peut déduire du montant de la réduction qu'il a décidé d'effectuer un montant à l'égard de l'augmentation extraordinaire des frais d'exploitation, mais uniquement dans la mesure où la réduction est ainsi éliminée.

2. Le présent paragraphe ne s'applique pas à une requête fondée sur une augmentation extraordinaire des frais d'exploitation. Règl. de l'Ont. 698/92, art. 1, *en partie*.

13 (1) Les dispositions du présent article sont prescrites comme règles pour émettre des conclusions concernant les augmentations extraordinaires des frais d'exploitation.

(2) Pour déterminer si une augmentation des frais d'exploitation est extraordinaire aux termes du paragraphe 14 (2) de la Loi, les règles suivantes s'appliquent :

1. L'augmentation correspond à l'augmentation des frais d'exploitation entre l'exercice de référence et l'exercice de base.

2. Le pourcentage énoncé dans la catégorie de frais d'exploitation correspondante, mentionnée au paragraphe 14 (2) de la Loi, est obtenu :

   i. soit du barème visé au paragraphe 12 (1) de la Loi pour l'année civile dans laquelle se situe la date de prise d'effet de la première augmentation de loyer demandée,

   ii. soit, si la date de prise d'effet de la première augmentation de loyer demandée est en 1992, du barème visé au paragraphe 12 (1) de la Loi pour 1993.

(3) Si une augmentation du loyer maximal est justifiée en raison d'une augmentation extraordinaire des frais d'exploitation, le montant de l'augmentation du loyer maximal est égal au montant visé à l'alinéa a) moins le montant visé à l'alinéa b) :

a) le montant des frais de la catégorie de frais d'exploitation pour l'exercice de base;

b) le montant des frais de la catégorie de frais d'exploitation pour l'exercice de référence rajusté selon le pourcentage de la catégorie de frais d'exploitation, déterminé aux termes de la disposition 2 du paragraphe (2). Règl. de l'Ont. 698/92, art. 1, *en partie*.

14 (1) Les dispositions du présent article sont prescrites comme règles pour émettre des conclusions concernant les diminutions extraordinaires des frais d'exploitation.

(2) Pour déterminer si une diminution des frais d'exploitation est extraordinaire aux termes du paragraphe 24 (2) de la Loi, les règles suivantes s'appliquent :

1. La diminution correspond à la diminution des frais d'exploitation entre l'exercice de référence et l'exercice de base.

2. Le pourcentage énoncé dans la catégorie de frais d'exploitation correspondante, mentionnée au paragraphe 24 (2) de la Loi, est obtenu :

   i. soit du barème visé au paragraphe 12 (1) de la Loi pour l'année civile dans laquelle la requête est présentée,

   ii. soit, si la requête est présentée en 1992, du barème visé au paragraphe 12 (1) de la Loi pour 1992.

(3) Si une réduction du loyer ou du loyer maximal est justifiée en raison d'une diminution extraordinaire des frais d'exploitation, le montant de la réduction, sous réserve du paragraphe (4), est égal au montant visé à l'alinéa a) moins le montant visé à l'alinéa b) :

a) le montant des frais de la catégorie de frais d'exploitation pour l'exercice de référence;

b) le montant des frais de la catégorie de frais d'exploitation pour l'exercice de base.

(4) Si le pourcentage énoncé dans la catégorie de frais d'exploitation est négatif, le montant de la réduction est égal au montant visé à l'alinéa a) moins le montant visé à l'alinéa b) :

a) le montant des frais de la catégorie de frais d'exploitation pour l'exercice de référence rajusté selon le pourcentage énoncé dans la catégorie de frais d'exploitation;

b) le montant des frais de la catégorie de frais d'exploitation pour l'exercice de base.

(5) Pour émettre des conclusions concernant la disposition 3 du paragraphe 13 (8) de la Loi, l'établissement de l'exercice de base et de l'exercice de référence et le choix du barème visé au paragraphe 12 (1) de la Loi à utiliser se font conformément aux règles qui s'appliquent à la requête d'un locateur fondée sur une augmentation extraordinaire des frais d'exploitation. Règl. de l'Ont. 698/92, art. 1, *en partie*.

PARTIE IV
DÉPENSES EN IMMOBILISATIONS

15 (1) Les dispositions suivantes sont prescrites comme règles pour émettre des conclusions concernant les dépenses en immobilisations et pour calculer les montants reconnus à l'égard de dépenses en immobilisations :

1. Aucun montant ne peut être reconnu à l'égard d'une dépense en immobilisations, sauf en vertu de l'article 16 de la Loi, à moins que l'une des conditions suivantes ne se réalise :

   i. les travaux ont été achevés pendant la période d'un an se terminant quatre-vingt-dix jours avant la date de prise d'effet de la première augmentation de loyer demandée,

   ii. la requête est présentée dans les six mois qui suivent le 10 août 1992.

2. Le montant d'une dépense en immobilisations correspond au total du prix d'achat et des frais d'installation, de rénovation et de construction, moins les subventions ou autres formes d'aide du gouvernement fédéral, du gouvernement provincial ou d'un gouvernement municipal ou le produit d'une assurance, d'une récupération, d'une revente ou d'une reprise.

3. Le montant de la dépense en immobilisations qui se rapporte à un bien loué à bail correspond à celle des valeurs suivantes qui est inférieure à l'autre :

   i. la valeur actuelle nette, à l'entrée en vigueur du bail, des paiements minimaux exigibles en vertu du bail, y compris les versements initiaux ou les options d'achat, mais non le coût des contrats d'entretien,

   ii. la juste valeur marchande, à l'entrée en vigueur du bail, du bien loué à bail.

4. Pour l'application de la sous-disposition i de la disposition 3, la valeur actuelle nette est déterminée au moyen du taux d'intérêt, prescrit à l'article 18, pour le mois où le bail entre en vigueur.

5. La valeur du travail du locateur dans l'exécution des travaux relatifs à la dépense en immobilisations correspond au temps passé sur ces travaux multiplié par un taux de rémunération raisonnable compte tenu de l'expérience et des compétences du locateur dans le type de travaux effectués. Si le temps passé sur ces travaux dépasse le temps qui aurait été raisonnable compte tenu de l'expérience et des compétences du locateur, le dernier est pris en considération dans le calcul de la valeur du travail du locateur. Il n'est tenu compte que de la partie de cette valeur qui est inférieure au montant que demanderait une personne qui exécute ce genre de travaux contre rémunération.

6. Le montant reconnu à l'égard d'une dépense en immobilisations est la somme du montant de la dépense en immobilisations et de la valeur du travail du locateur, amortie sur la durée de vie utile, prescrite à l'article 17, des travaux effectués ou de la chose achetée, en versements uniformes de capital et d'intérêts réunis.

7. L'amortissement prévu à la disposition 6 est calculé au moyen

du taux d'intérêt, prescrit à l'article 18, pour le mois où la requête est présentée.

8. La date à laquelle un élément d'immobilisations doit être déduit du loyer maximal d'un logement est la date qui suit la date de prise d'effet du loyer maximal énoncé dans l'ordonnance qui a déterminé le montant reconnu dont l'élément d'immobilisations fait partie au moyen de la durée de vie utile prévue, prescrite à l'article 17, des travaux effectués ou de la chose achetée.

9. Une dépense en immobilisations visant à augmenter les économies d'énergie est notamment une dépense en immobilisations qui remplit les conditions suivantes :

   i. une aide financière, dont le but est d'augmenter les économies d'énergie, est reçue du gouvernement fédéral, du gouvernement provincial ou d'un gouvernement municipal, d'un de leurs organismes ou d'un fournisseur d'énergie ou de carburant,

   ii. la dépense est destinée à quoi que ce soit qui est recommandé par écrit afin d'augmenter les économies d'énergie par le gouvernement fédéral, le gouvernement provincial ou un gouvernement municipal, un de leurs organismes, Ontario Hydro, une commission de services publics ou toute personne qui fournit du gaz ou de l'énergie électrique à une municipalité ou aux habitants d'une municipalité, conformément à la *Loi sur les concessions municipales*,

   iii. la dépense est destinée à l'un ou l'autre des buts suivants :

      A. remplacer quoi que ce soit qui fonctionne à l'électricité par quelque chose qui fonctionne à l'aide d'une autre forme d'énergie ou de carburant,

      B. remplacer l'éclairage incandescent par un éclairage fluorescent ou aux halogènes,

      C. remplacer l'éclairage extérieur par un éclairage à vapeur de sodium à haute pression,

      D. remplacer les fenêtres par des fenêtres qui ont un meilleur rendement énergétique,

      E. étanchéifier un immeuble,

      F. accroître la valeur d'isolation du gros-oeuvre,

      G. accroître le rendement énergétique d'un système de chauffage, de refroidissement ou de ventilation.

(2) Les règles suivantes s'appliquent à la répartition d'une dépense en immobilisations pour un ensemble d'habitation qui fait partie d'un ensemble domiciliaire plus grand si la dépense touche d'autres parties de l'ensemble domiciliaire :

1. Sous réserve de la disposition 2, la dépense en immobilisations relative à l'ensemble domiciliaire est répartie entre les parties de l'ensemble domiciliaire selon un ou plusieurs des facteurs suivants :

   i. la surface de chaque partie de l'ensemble domiciliaire,

   ii. l'évaluation aux fins des impôts municipaux pour chaque partie de l'ensemble domiciliaire,

   iii. la valeur marchande de chaque partie de l'ensemble domiciliaire,

   iv. les recettes provenant de chaque partie de l'ensemble domiciliaire.

2. Si la répartition de la dépense en immobilisations conformément à la disposition 1 serait déraisonnable compte tenu de la fraction de la dépense qui est attribuable à chaque partie de l'ensemble domiciliaire, la dépense est répartie entre les parties de l'ensemble domiciliaire dans des proportions raisonnables en fonction de la fraction de la dépense qui est attribuable à chaque partie. Règl. de l'Ont. 698/92, art. 1, *en partie*.

16 La disposition suivante est prescrite comme règle pour l'application des paragraphes 15 (4) et 17 (2) de la Loi :

1. S'il diffère du montant approuvé dans la décision anticipée, le montant réellement dépensé est le montant dont il est tenu compte. Règl. de l'Ont. 698/92, art. 1, *en partie*.

17 (1) Le présent article prescrit la vie utile de travaux effectués ou d'une chose achetée pour l'application de l'article 20 de la Loi.

(2) La vie utile de travaux effectués ou d'une chose achetée est déterminée au moyen de l'annexe conformément aux règles suivantes :

1. Si une chose, à l'achat, a déjà été utilisée, sa vie utile est déterminée compte tenu de sa durée d'utilisation préalable.

2. Si les travaux effectués ou la chose achetée ne figurent pas à l'annexe, leur vie utile est déterminée par comparaison aux articles y figurant qui ont des caractéristiques semblables.

(3) Si la vie utile de travaux effectués ou d'une chose achetée ne peut être déterminée aux termes du paragraphe (2) parce que les travaux ou la chose ne figurent pas à l'annexe et qu'aucun article ayant des caractéristiques semblables n'y figure non plus, la vie utile des travaux ou de la chose correspond à la durée généralement admise comme durée de vie utile de ces travaux ou de cette chose. Règl. de l'Ont. 698/92, art. 1, *en partie*.

18 (1) Le présent article prescrit les taux d'intérêt sur les dépenses en immobilisations pour l'application du paragraphe 20 (5) de la Loi.

(2) Le taux d'intérêt est le taux d'intérêt des certificats de placement garanti de cinq ans, publié tous les mois dans la Revue de la Banque du Canada, pour le mois où la requête est présentée. Règl. de l'Ont. 698/92, art. 1, *en partie*.

19 (1) Les dispositions du présent article sont prescrites comme règles pour déterminer la partie prescrite d'un montant reconnu à l'égard d'une dépense en immobilisations ou d'un report pour l'application du paragraphe 20 (8) de la Loi.

(2) La partie prescrite d'un montant reconnu est la partie du montant qui reste après déduction de la fraction de 2 pour cent appropriée du loyer maximal précédent, à l'exclusion de tous les éléments d'immobilisations.

(3) Pour déterminer la fraction appropriée pour chaque montant reconnu, il faut répartir proportionnellement 2 pour cent du loyer maximal précédent, à l'exclusion des éléments d'immobilisations, entre tous les montants reconnus à l'égard des dépenses en immobilisations et tous les montants reconnus à l'égard du report d'un montant reconnu à l'égard d'une dépense en immobilisations. Règl. de l'Ont. 698/92, art. 1, *en partie*.

20 (1) Les dispositions du présent article sont prescrites comme règles pour déterminer la partie prescrite d'un montant justifié à l'égard d'un report pour l'application du paragraphe 22 (4) de la Loi.

(2) La partie prescrite d'un montant justifié est la partie du montant qui reste après déduction de la fraction de 2 pour cent appropriée du loyer maximal précédent, à l'exclusion de tous les éléments d'immobilisations.

(3) Pour déterminer la fraction appropriée pour chaque montant justifié, il faut répartir proportionnellement 2 pour cent du loyer maximal précédent, à l'exclusion des éléments d'immobilisations, entre tous les montants justifiés à l'égard de reports de montants reconnus à l'égard de dépenses en immobilisations. Règl. de l'Ont. 698/92, art. 1, *en partie*.

21 La disposition suivante est prescrite comme règle pour l'application du paragraphe 22 (3) de la Loi :

1. La date à laquelle un élément d'immobilisations doit être déduit du loyer maximal est déterminée conformément à la disposition 8 de l'article 15. Règl. de l'Ont. 698/92, art. 1, *en partie*.

PARTIE V
NOUVEAUX SERVICES OU SERVICES SUPPLÉMENTAIRES

22 Les dispositions suivantes sont prescrites comme règles pour émettre des conclusions concernant le coût de nouveaux services ou de services supplémentaires :

1. L'augmentation du loyer maximal pour tenir compte du coût de nouveaux services ou de services supplémentaires est divisée comme suit :

   i. l'augmentation portant sur la partie du coût des nouveaux services ou des services supplémentaires qui constitue une dépense en immobilisations,

   ii. l'augmentation portant sur la partie du coût des nouveaux services ou des services supplémentaires qui constitue des frais d'exploitation d'une catégorie de frais d'exploitation énoncée dans le barème mentionné au paragraphe 12 (1) de la Loi.

2. Aucune augmentation, autre que les augmentations visées aux sous-dispositions i et ii de la disposition 1, ne peut être apportée au loyer maximal pour tenir compte du coût de nouveaux services ou de services supplémentaires.

3. L'augmentation portant sur la partie du coût d'un nouveau service ou d'un service supplémentaire qui constitue une dépense en immobilisations est déterminée conformément aux règles prescrites relatives aux dépenses en immobilisations précisées.

4. L'augmentation portant sur la partie du coût d'un nouveau service ou d'un service supplémentaire qui constitue des frais d'exploitation correspond à l'augmentation des frais d'exploitation, dans l'année qui suit le jour où le nouveau service ou le service supplémentaire est fourni pour la première fois, qui sont imputables au nouveau service ou au service supplémentaire.

5. Les augmentations du loyer maximal pour tenir compte du coût d'un nouveau service ou d'un service supplémentaire sont réparties entre les logements locatifs qui reçoivent le nouveau service ou le service supplémentaire selon la mesure dans laquelle chaque logement locatif est touché. Règl. de l'Ont. 698/92, art. 1, *en partie*.

23 La disposition suivante est prescrite comme règle pour l'application du paragraphe 18 (2) de la Loi :

1. S'il diffère du montant approuvé dans la décision anticipée, le montant réellement dépensé est le montant dont il est tenu compte. Règl. de l'Ont. 698/92, art. 1, *en partie*.

PARTIE VI
ENTRETIEN INSUFFISANT

24 (1) Les dispositions du présent article sont prescrites comme règles pour émettre des conclusions concernant une réduction du loyer demandé ou du loyer maximal fondée sur un niveau d'entretien ou de réparation insuffisant.

(2) La réduction du loyer demandé ou du loyer maximal n'est justifiée que si le niveau d'entretien ou de réparation est insuffisant à la date de la requête.

(3) Pour déterminer si le niveau d'entretien ou de réparation est insuffisant, l'agent des loyers peut tenir compte de toute question, mais doit tenir compte de celles qui suivent :

1. Toute contravention à un règlement municipal adopté en vertu de l'article 31 de la *Loi sur l'aménagement du territoire* ou d'une loi spéciale à l'égard des normes d'entretien et d'occupation.

2. Toute contravention à une disposition d'une loi portant sur les normes à l'égard de la santé ou de la sécurité des occupants d'immeubles ou de constructions, ou à un règlement pris en application d'une telle loi.

3. Toute contravention à une norme d'entretien prescrite pour l'application de l'article 36 de la Loi.

4. La question de savoir si le locateur a omis de rectifier une insuffisance dans un délai raisonnable par suite d'une demande à cet effet, raisonnable dans les circonstances, faite par le locataire.

5. La question de savoir si le locateur a omis de garder les lieux dans un état propre à l'habitation.

6. La question de savoir si le locateur a omis de garder les aires communes propres.

(4) Pour déterminer si le niveau d'entretien ou de réparation est insuffisant, l'agent des loyers ne doit pas tenir compte des dommages causés à un logement locatif par la faute ou la négligence du locataire ou de personnes qui se trouvaient dans le logement avec la permission du locataire.

(5) Pour déterminer le montant d'une réduction du loyer demandé ou du loyer maximal, l'agent des loyers tient compte des questions suivantes :

1. La gravité de l'insuffisance du niveau d'entretien ou de réparation.

2. La durée de l'insuffisance.

3. Les effets raisonnables de l'insuffisance sur le locataire.

(6) Pour déterminer le montant d'une réduction du loyer demandé ou du loyer maximal, l'agent des loyers ne tient compte de l'insuffisance du niveau d'entretien ou de réparation que pour la période déterminée comme suit :

1. Sous réserve de la disposition 2, la période est la période de deux ans qui précède la date de la requête.

2. Si une ordonnance antérieure a été rendue aux termes de la Loi ou d'une ancienne loi, relativement au logement locatif et que sa date d'entrée en vigueur se situait dans les deux ans précédant la date de la requête, la période va de la date d'entrée en vigueur de l'ordonnance à la date de la requête. Pour l'application de la présente disposition, la date d'entrée en vigueur d'une ordonnance augmentant le loyer est la date de prise d'effet de la première augmentation de loyer fixée dans l'ordonnance. Règl. de l'Ont. 698/92, art. 1, *en partie*.

PARTIE VII
RÉDUCTION DE SERVICES

25 (1) Les dispositions du présent article sont prescrites comme règles pour émettre des conclusions concernant la réduction du loyer demandé ou du loyer maximal fondée sur l'interruption ou la réduction des services ou des installations.

(2) L'agent des loyers détermine le montant de la réduction du loyer maximal pour cause d'interruption d'un service ou d'une installation conformément à la première des dispositions suivantes qui s'applique :

1. Si une ordonnance antérieure fixant une charge distincte pour le service ou l'installation a été rendue aux termes de la Loi ou d'une ancienne loi relativement au logement, le montant de la réduction correspond à cette charge distincte, majorée des

augmentations de la charge distincte qui étaient légalement permises après la date d'entrée en vigueur de l'ordonnance.

2. S'il existait une charge distincte pour le service ou l'installation le jour où le logement est devenu assujetti pour la première fois à la Loi ou à une ancienne loi ou après ce jour, le montant de la réduction correspond à la charge connue la plus ancienne, majorée des augmentations de la charge distincte qui ont été légalement permises par la suite.

3. S'il existe des charges distinctes pour le service ou l'installation pour les autres logements locatifs de l'ensemble, le montant de la réduction est la moyenne de ces charges distinctes.

4. Le montant de la réduction est ce que serait une charge raisonnable pour le service ou l'installation, d'après le coût du service ou de l'installation ou, si le coût ne peut être déterminé, la valeur du service ou de l'installation.

(3) Si un service ou une installation n'est pas interrompu mais simplement réduit, le montant de la réduction du loyer maximal est une fraction raisonnable, fondée sur l'importance de la réduction du service ou de l'installation, du montant déterminé aux termes du paragraphe (2).

(4) Si l'interruption ou la réduction est temporaire et que sa durée est raisonnable, compte tenu de son effet sur le locataire, et ne dépasse pas six mois, le loyer demandé ou le loyer maximal ne doit pas être réduit.

(5) Pour déterminer le montant d'une réduction du loyer demandé ou du loyer maximal ou pour déterminer la période pendant laquelle le loyer demandé ne peut être augmenté, l'agent des loyers ne tient compte de l'interruption ou de la réduction d'un service ou d'une installation que si l'interruption ou la réduction a commencé pendant la période déterminée comme suit :

1. Sous réserve de la disposition 2, la période est la période de six ans se terminant à la date de la requête.

2. Si une ordonnance antérieure a été rendue aux termes de la Loi ou d'une ancienne loi relativement au logement locatif et que sa date d'entrée en vigueur se situait dans les six ans précédant la date de la requête, la période va de la date d'entrée en vigueur de l'ordonnance à la date de la requête. Pour l'application de la présente disposition, la date d'entrée en vigueur d'une ordonnance augmentant le loyer est la date de prise d'effet de la première augmentation de loyer fixée dans l'ordonnance. Règl. de l'Ont. 698/92, art. 1, *en partie*.

26 Les dispositions de l'article 25 sont également prescrites comme règles pour l'application du paragraphe 20 (1) de la Loi pour émettre des conclusions concernant une réduction du loyer maximal précédent pour cause d'interruption ou de réduction des services et installations, sous réserve toutefois de la modification suivante :

1. La date de la requête visée aux dispositions 1 et 2 du paragraphe 25 (5) est réputée la date de prise d'effet de la première augmentation de loyer proposée dans la requête du locateur. Règl. de l'Ont. 698/92, art. 1, *en partie*.

PARTIE VIII
DÉCISIONS ANTICIPÉES

27 Les dispositions suivantes sont prescrites comme règles d'interprétation que les agents des loyers doivent observer :

1. Aux paragraphes 15 (4) et 17 (2) de la Loi, les travaux effectués ou la chose achetée ne sont pas sensiblement les mêmes que ceux prévus dans une décision anticipée si le montant réellement dépensé qui est déclaré par le locateur dépasse de plus de 10 pour cent le montant approuvé dans la décision anticipée.

2. Au paragraphe 18 (2) de la Loi, le service n'est pas sensiblement le même que celui prévu dans une décision anticipée si le montant réellement dépensé qui est déclaré par le locateur dépasse de plus de 10 pour cent le montant approuvé dans la décision anticipée. Règl. de l'Ont. 698/92, art. 1, *en partie*.

28 La détermination du montant reconnu à l'égard de la dépense en immobilisations est prescrite comme question sur laquelle il faut statuer pour l'application de l'alinéa 29 (2) d) de la Loi. Règl. de l'Ont. 698/92, art. 1, *en partie*.

29 Les règles suivantes sont prescrites comme règles pour émettre des conclusions concernant les décisions anticipées à l'égard de dépenses en immobilisations et de nouveaux services ou de services supplémentaires :

1. Le montant qui est reconnu à l'égard d'une dépense en immobilisations ou d'un nouveau service ou d'un service supplémentaire est le montant de la dépense ou le coût du service, majoré de la valeur du travail du locateur.

2. Le montant reconnu à l'égard d'une dépense en immobilisations ou d'un nouveau service ou d'un service supplémentaire est calculé conformément aux règles prescrites de la même façon que si le montant reconnu était calculé aux termes de l'article 20 de la Loi. Règl. de l'Ont. 698/92, art. 1, *en partie*.

PARTIE IX
PAIEMENT D'UN LOYER ILLÉGAL ET CHARGES SUPPLÉMENTAIRES ILLÉGALES

30 Pour déterminer, aux termes du paragraphe 30 (3) de la Loi, si le locateur a demandé un loyer supérieur à celui permis par la Loi ou une loi mentionnée au paragraphe 30 (3) de la Loi, l'agent des loyers ne tient pas uniquement compte de la question de savoir si le loyer demandé était supérieur au loyer maximal, mais aussi des autres restrictions à l'égard du loyer permis par la Loi ou une loi mentionnée au paragraphe 30 (3) de la Loi. Règl. de l'Ont. 698/92, art. 1, *en partie*.

31 La disposition suivante est prescrite comme règle pour émettre des conclusions concernant la perception interdite de sommes d'argent :

1. Si un montant a été perçu du requérant et que sa perception était interdite, le montant dû au requérant est la totalité du montant ainsi perçu. Règl. de l'Ont. 698/92, art. 1, *en partie*.

32 Les dispositions suivantes sont prescrites comme règles pour calculer l'intérêt visé aux articles 30 et 32 de la Loi :

1. L'intérêt est un intérêt simple calculé :

   i. avant la date de l'ordonnance, sur le capital exigible,

   ii. à la date de l'ordonnance et après cette date, sur le solde exigible de la somme du capital et de l'intérêt calculé jusqu'à la date de l'ordonnance.

2. L'intérêt est calculé à compter de l'une ou l'autre des dates suivantes :

   i. pour les montants qui font l'objet d'une ordonnance visée à l'article 28 de la Loi à l'égard de diminutions extraordinaires des frais d'exploitation ou de l'insuffisance de l'entretien ou de la réparation, la date d'entrée en vigueur de l'ordonnance,

   ii. pour les autres montants, la date de la requête. Règl. de l'Ont. 698/92, art. 1, *en partie*.

PARTIE X
CHARGES DISTINCTES

33 Les charges distinctes pour la câblodistribution sont prescrites comme charges distinctes qui peuvent faire l'objet d'une péréquation immédiate pour l'application de l'article 45 de la Loi. Règl. de l'Ont. 698/92, art. 1, *en partie*.

34 Les dispositions suivantes sont prescrites comme règles d'interprétation que le directeur, le registrateur et les agents des loyers doivent observer :

1. Pour répartir également, aux termes de l'article 45 de la Loi, les charges distinctes pour une catégorie de stationnement ou pour la câblodistribution, chaque charge distincte est rendue égale à la moyenne du total des charges distinctes de l'ensemble d'habitation pour cette catégorie de stationnement ou pour la câblodistribution.

2. Si les charges distinctes doivent être réparties également et que le loyer maximal doit être augmenté ou réduit, la péréquation est effectuée avant que l'augmentation ou la réduction ne s'applique. Règl. de l'Ont. 698/92, art. 1, *en partie*.

35 (1) Le présent article prescrit, pour l'application de l'article 46 de la Loi, la manière d'augmenter ou de réduire le loyer maximal qui peut être demandé pour un logement locatif si le locateur fournit ou cesse de fournir une catégorie de services, d'installations, de privilèges, de commodités ou de choses énumérés aux dispositions 1 à 3 du paragraphe 46 (1) de la Loi.

(2) Le loyer maximal est augmenté ou réduit d'un montant déterminé conformément à la première des dispositions suivantes qui s'applique :

1. Si une ordonnance antérieure fixant une charge distincte pour la catégorie de services, d'installations, de privilèges, de commodités ou de choses a été rendue aux termes de la Loi ou d'une ancienne loi relativement au logement, le montant correspond à cette charge, majorée des augmentations de la charge qui étaient légalement permises après la date d'entrée en vigueur de l'ordonnance.

2. S'il existait une charge distincte pour la catégorie de services, d'installations, de privilèges, de commodités ou de choses le jour où le logement est devenu assujetti pour la première fois à la Loi ou à une ancienne loi ou après ce jour, le montant correspond à la charge connue la plus ancienne, majorée des augmentations de la charge qui ont été légalement permises par la suite.

3. S'il existe des charges distinctes pour la catégorie de services, d'installations, de privilèges, de commodités ou de choses pour les autres logements locatifs de l'ensemble, le montant est la moyenne de ces charges.

4. Si la charge distincte porte sur une catégorie de stationnement, le montant correspond :

   i. soit à la moyenne des charges distinctes pour une catégorie de stationnement comparable dans l'ensemble d'habitation,

   ii. soit, s'il n'existe pas de charges distinctes pour une catégorie de stationnement comparable dans l'ensemble d'habitation, à un montant raisonnable fondé sur les charges distinctes pour des catégories de stationnement comparables dans les ensembles d'habitation du secteur.

5. Si les charges distinctes portent sur la câblodistribution, le montant correspond au coût de la câblodistribution par logement pour le locateur. Règl. de l'Ont. 698/92, art. 1, *en partie*.

36 La câblodistribution est prescrite pour l'application de la disposition 2 du paragraphe 46 (1) de la Loi. Règl. de l'Ont. 698/92, art. 1, *en partie*.

PARTIE XI
RÈGLES DE PROCÉDURE

37 Les questions suivantes sont prescrites comme questions qui peuvent faire l'objet d'une requête visée au paragraphe 33 (2) de la Loi :

1. Quel était le loyer maximal à la date du loyer initial ou à une date ultérieure.

> the expansion of the capacity of the existing Kapuskasing waste disposal landfill site located on part of Lot 29, Concession 17, in the Township of O'Brien, in the District of Cochrane, as currently authorized under Provisional Certificate of Approval No. A580405, and the continued use and operation of such waste disposal site for a period of five years,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Proponent that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

A. Other available interim waste management options will result in significant increases in cost;

B. The Proponent and its ratepayers will be without a municipal solid waste disposal facility.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

A. The Proponent is currently undertaking a waste management master plan in accordance with the *Environmental Assessment Act*, and it is the intention of the Proponent to implement a long-term waste management system in accordance with applicable legislation and in accordance with the master plan by the end of 1997.

B. The undertaking will allow sufficient time for evaluation of alternatives for waste management until the end of 1997.

C. Alternatives have been investigated.

D. The undertaking is an interim measure for which there are no other reasonable waste management alternatives which can be implemented within the necessary time frame.

E. A mandatory public hearing under Part V of the *Environmental Protection Act* for the approval of continued or expanded operation will be held.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.

2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.

3. No waste shall be deposited at the Kapuskasing Landfill site pursuant to this order after the earlier of:

   (i) five years after the date of the Provisional Certificate of Approval for the waste disposal site has been issued for the purpose of this order, and

   (ii) the commencement of operations of a waste disposal site pursuant to the Kapuskasing-Moonbeam Waste Management Master Plan,

   unless an application for an approval under the *Environmental Assessment Act* for an undertaking under the Kapuskasing-Moonbeam Waste Management Master Plan which includes a waste disposal site proposed for use for waste from the Town has been submitted to the Minister under the Act, in which case, no waste shall be disposed of by the Proponent pursuant to this order more than one year after a decision is made under the Act to approve or not approve the undertaking.

4. Commencing no later than January 1994, the Proponent shall file an annual report to the Director, Northeastern Region, Ministry of the Environment, outlining the Proponent's progress in achieving abatement at the existing site and progress in implementing the long-term waste management program; a copy of the reports shall also be given to the Director, Approvals Branch, Ministry of the Environment. The Proponent may cease filing such reports after the site has been closed to the Regional Director's satisfaction and the Director has advised the Proponent in writing that further reports are not required pursuant to this condition. 2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.

3. No waste shall be deposited at the South Gower Landfill site pursuant to this order after the earlier of:

   (i) five years after the date of the Provisional Certificate of Approval for the waste disposal site has been issued for the purpose of this order, and

   (ii) the commencement of operations of a waste disposal site pursuant to the United Counties of Leeds and Grenville Waste Management Master Plan,

   unless an application for an approval under the *Environmental Assessment Act* for an undertaking under the United Counties of Leeds and Grenville Waste Management Master Plan which includes a waste disposal site proposed for use for waste from the Township has been submitted to the Minister under the Act, in which case, no waste shall be disposed of by the proponent pursuant to this order more than one year after a decision is made under the Act to approve or not approve the undertaking.

4. Commencing no later than January 1994, the proponent shall file an annual report to the Director, Southeastern Region, Ministry of the Environment, outlining the proponent's progress in achieving abatement at the existing site and progress in implementing the long-term waste management program; a copy of the reports shall also be given to the Director, Approvals Branch, Ministry of the Environment.
